2437-304

2437-312

2437-301

Casual Elm originates from the need to make a difference and stand against the so widely available oaks in the market. Design with listed planks, soft and rich in nuances strongly fused with sections of patterns that show a slight touch of movement which will enable us to reach a wide spectrum of tones as well as a great neatness. The light transitions, in a soft and balanced way, between different kinds of crowns and soft planks, offers a harmonious impression but with a determined modern look.

Collection colours:
